Mr. Tucker,

A procedural order was issued for the Diamond Valley Water Users Corp. rate case on Wednesday, June 28, 2005. You will be receiving a copy of this order in the near future along with a letter of response from the Utilities Division of the Commission. The order will provide you with the time line for upcoming events in the rate case. I hope that you find it useful.

Thank you for the links. I have not had time to check them all yet, but will do so over the next few days. I will look into being an **intervenor**, to assure myself that all the aspects of the case as I know them have been evaluated.
